*We'll Make Your
Wedding Dreams
a Reality*

You've always dreamed about having a beautiful wedding—and we are here to make those dreams come true. Our staff is committed to welcoming you and your guests to all your wedding events—bridal shower, rehearsal dinner, wedding reception and brunch after the wedding.

The Kansas City Marriott Downtown has been the host of hundreds of wedding occasions—each one tailored to the expectations of the wedding couple and their families.

We Make Planning Easy

When you choose the Downtown Marriott for your wedding you can count on our Certified Wedding Planner to take care of the details so you don't have to. We will present a variety of customized wedding packages designed to fit your dreams and your budget. Our Executive Chef and catering staff are actively involved in the planning process and will help you create the perfect menus.

One Size Doesn't Fit All

Whether you are planning a small wedding or a large one, we offer a variety of ideal settings. Both the Harvest Room and Tea Room have charm and warm elegance for your rehearsal dinner and intimate celebrations. Larger weddings are graciously accommodated in the ballrooms of either the Marriott Tower or the historic Muehlebach Tower.

We're Very Accommodating

We know you want your guests to enjoy their stay and we are sure they will! Our newly renovated guest rooms feature luxurious bathrooms and the wonderfully comfortable Marriott bedding package. The hotel is conveniently located in the city—just 20 minutes from the airport and within a short drive to great shopping and recreation. Your guests may not even want to leave, as we offer complete services including valet parking, unique Gift Shop, two restaurants and lounges, guest services desk and a fully-equipped Health Club with indoor lap pool.

It's All About You

Planning your wedding is a very exciting time, and we are eager to be a part of your celebration. We are here to help you make memories and ensure your event is everything you have dreamed of—and that includes those first hours as "Mr. And Mrs." We'll toast you with a complimentary bottle of champagne and complimentary breakfast the next morning.
